Southeastern Forests & Climate Change Workshop!

Project Learning Tree Modules included - Southeastern Forest and Climate Change & Focus on Forest

This 6 hour workshop, facilitated by Jennifer Hubbard-Sanchez from Kentucky State University will introduce a new Project Learning Tree (PLT) secondary module on climate change impacts on southern forest ecosystems, the role of forests in sequestering carbon and strategies for reducing greenhouse gas emissions and adapting to changing climatic conditions.

Participants will be certified in Southeastern Forests and Climate Change PLT module and Focus on Forest PLT module.

The module includes 14 engaging activities designed for use in life science, environmental science, and agriculture classes in grades 9-12, with adaptations for use in middle school classrooms. To learn more about the material, please visit <http://sfrc.ufl.edu/extension/ee/climate/> & <https://www.plt.org/focus-on-forests>

This workshop is sponsored by Wolf Creek National Fish Hatchery and Kentucky State Univ.

Wolf Creek National Fish Hatchery is proud to sponsor educational workshops that help our community learn more about our incredible natural heritage. For information on other programs at the hatchery, or how you can be involved as a volunteer, please contact us!
